Professional Summary

BCA graduate with hands-on experience in developing responsive and interactive web applications using HTML, CSS, JavaScript, React.js, Next.js, and Redux. Experienced in converting designs from Figma to functional UI, integrating REST APIs, implementing forms, tables, and dashboards. Seeking a Frontend Development Internship at Fireblaze Technologies to apply technical skills in real-world projects and contribute to innovative tech solutions.

Technical Skills

Frontend: HTML5, CSS3, JavaScript (ES6+), TypeScript, React.js, Next.js, Redux, Tailwind CSS, Bootstrap

Database: PostgreSQL, MongoDB

Tools: Git, GitHub, VS Code, Postman

Other: Component-based architecture, REST API integration, Responsive UI, Debugging

Projects

HireHub (Job Portal - PERN Stack)

- Built responsive UI using React.js, Redux, and Tailwind CSS.
- Converted Figma-based designs to functional frontend components.
- Integrated frontend with REST APIs using Postman for testing.
- Implemented role-based dashboards and interactive forms.
